ABOUT THE FELLOWSHIP

The Dr Stephen Flood TetraHand 2026 Travelling Fellowship has been established to honour the legacy of Dr Stephen Flood, whose contributions to upper limb reconstruction, tetraplegia surgery, education and mentorship have influenced countless patients and clinicians.

The fellowship is open to surgeons, hand therapists and trainees who would like to attend the World TetraHand Congress 2026 but who may otherwise be unable to do so for financial reasons.

Applicants should demonstrate how attendance at the meeting will benefit not only their own professional development, but also the patients, colleagues and communities they serve.
